WILSON PHOTOGRAPH FOR SMOKES FUND

Autographed Picture of President Will Be Auctioned at Claridge.

SOPHIE TUCKER'S PARTY

Evening of June 1 to Be Big Event at Hotel for "Sun's" Tobacco Campaign.

President Woodrow Wilson is a Sun Tobacco Fund booster. Hamilton Burney, managing director of the Hotel Claridge, received from the pation's Chief Magistrate yesterday a splendid photograph of himself, autographed with the understanding that it is to be sold at Sophie Tucker's party in the Clarking the night of June 1. The photograph will go to the highest bidder and the entire amount received will be devoted to the purchase of smokes for our soldiers in the trenches.

Mrs. Wilson enlisted in the fund's army last summer. In August she gave a heautifully embroidered handkerchief,

a beautifully embroidered handkerchief, accompanied by a card bearing her autograph. Raymond Hitchcock, acting as nuctioneer on the roof of Loew's New York Theatre one night, disposed of the treasured souvenir for \$500. The dinner show begins at 7:30 o clock and in the interval between that entertainment and the supper show there will be a continuous round of dancing and cabaret features. Mr. Healy is sending out from town many of the flodge Podge Revue' entertainers from he Golden Glades, including Helen Hardick, Lola Girile and all the pretty Beuncing Around Girils. The list of bouncers includes the Misses Pendicton, Kiernan, Parmelee, Boss, Durand, Castle, Warde, Stowell, Neal, Fields, Duke and Maurice.

The ever popular Jimmy Flynn will sing "Just Like Washington Crossed the belaware Gen. With such an array of contributors a lively, mirthful, melodious and colorful show is promised. Juke and Maurice. The fund suggests the advisability of rephoning to-day to White Plains 1471 and reserving a table for the festivities.

Now to return to Sophie Tucker's Sun fund night at the Claridge, June 1. One of the apeakers will be Corporal R. Rerby Hölmes, who also has given several copies of his book, "A Yankee in the Trenches," to be donated. Corporal Holmes said yesterday:

"Whenever I see any person make a particular effort to send relief and comfort to the boys in service I feel that that person should be proclaimed a hero or heroine. There are many such people in America, who are sacrificing much to do for our soldiers, but, in my opinion, no one deserves greater praise than Miss Sophie Tucker. Ceaselessly, day after day, she works on, thinking always of something new to do for the boys something new to do for the boys 3,000 miles away.

Mme. Matzenauer, with her luscious contraito voice, is one of the brightest stars of the Metropolitan, but an opportunity to hear her in recital or at a concert such as the coming one is presented only rarely in the course of a season.

On the programme of June 5 she will play Faure's "Elegie," a melody by Frank Bridge; "The Idylle," by Ethel Barnes, and Dunkler's "La Fileuse." She will be accompanied by John Cushing, whose playing h a been a delightful feature of several concerts for the smoke fund.

Russia.

"Do either people or Government realize that allied trade with Russia now is the surest prop of Russian independence?
Have they even a faint idea of the urgent need of shrewd, vigorous and persistent activity in support of Russia against the German conquest and inflitration? A little more pushing in the Russian flanks and Germany will have practically isolated from the main sources of its food and industrial supplies a population of 100,000,000 who are in dire need of every sort of manufactured goods.

"Russia is another Alsace-Lorraine.

whole world. It is a military necessity of the first order, no less than a com-mercial necessity, that America at once supply Russia with the means of an ex-istence independent of Germany."
